Alkaline Mineral Water!

Waterman

Morning Start For Me!

Start your day healthy and vivid with Waterman
Alkali mineral water

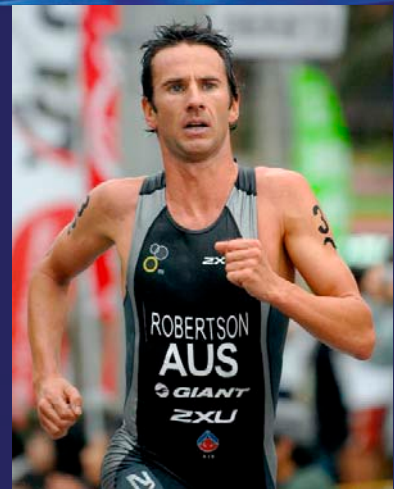

ALKALINE MINERAL WATER
FRESH & HEALTHY

Why the Waterman is good for you Alkaline Mineral Water

The Waterman filter uses silver carbon, bio ceramics, activated coal sands and bipolar magnets to produce clean fresh water enriched with 40 essential minerals including calcium and magnesium for your health.

"Using the waterman makes drinking quality water easy, no matter where you are.

As a professional triathlete, competing all over the world, it's always comforting to know that I can have quality water no matter which country I'm competing in. The alkalisng effect of the Waterman also helps with my recovery. I use it every day!"

Peter Robertson
3 x World Champion Triathlete

Mind discipline, Body discipline.

• 70% of the human body is made up of water, so quality water is vital for health and well being.

Waterman is a naturally purifying filtration system

Filter System

- Silver Carbon
- Bio Ceramic balls
- Magnet
- Bio Mineral Sand

The Waterman applies nature's principles as water passes thought layers of varied compounds to remove residual chlorine, chemical ingredients, impurities and bad odor also inhibiting the propagation of bacteria, Waterman provides you with fresh, healthy alkaline mineral water & a taste you'll love!

WATERMAN

Waterman alkaline mineral water compared with world famous natural sources

	Nordena's spring	Lourdes' spring	Clairava's sub-terranean	Waters Mineral water
Ca	543ppm	445ppm	29ppm	28ppm
Mg	12ppm	37ppm	4.6ppm	43ppm
natrium	3.8ppm	3.6ppm	27ppm	1.5ppm
